

Fort Sanders Regional Medical Center Implementation Plan

Significant Priorities / Issues

1. Achieving Equitable Health Outcomes

Action

Goal – To remove all the barriers to develop each individual's right to self-directed leisure for a healthier lifestyle

- A. Enhance the health and quality of life of physically disabled persons through the Patricia Neal Innovative Recreation Cooperative.

Goal – Increase awareness of lung nodule screening for early detection of lung disease in the community and provide 4 screening opportunities annually.

- B. Initiate a community lung nodule-screening program to identify individuals at high risk of lung disease.

2. Strengthening Community Partnerships

Action

Goal - Increase awareness among the community of the prevalence of neonatal abstinence syndrome and increase referrals for treatment.

- A. FSRMC and East Tennessee Children's Hospital will collaborate on a program to reduce the incidence of Neonatal Abstinence Syndrome infants.

Goal – Assist employers with identifying and managing employee physical and emotional health needs.

- B. FSRMC will partner with Knox County employers to assist with their worksite employee health program using the tools and resources of Covenant's HealthQuest Program.

3. Positioning Health as a Consideration in our Policy and Planning

Goal – Increase participation in Covenant Health's employee health program by 10% each year.

Action

- A. Incentivize Fort Sanders Regional employees to engage in Covenant Health's wellness program to obtain the lowest level of pricing of health insurance premiums.
